

The National Council for Occupational Safety and Health Invites you to exhibit at the **2020 National Conference on Worker Safety and Health** December 9-11, 2020 in Baltimore, MD at the Maritime Conference Center (Expo dates: December 9-10, 2020)

Don't miss this exciting opportunity to reach a new and unique audience in an intimate setting to showcase your products and services to individuals who want to remain on the cutting edge of the field!

Conference Description

The National Conference on Worker Safety and Health (#COSHCON20) is the only national conference of its kind in the country. We bring together a diverse, inclusive and bilingual group of participants united around common goals: empowering workers, making our workplaces safer and reducing the toll of on-the-job injuries, illnesses and fatalities. COSHCON20 features workshops and speakers; panels and strategy sessions - all designed to enable workers to utilize the most effective and creative solutions to hazards and dangers working people face on the job.

Audience

#COSHCON20 draws a distinct, bi-lingual audience of approximately 300 working people, academics, government agencies (OSHA, CDC, NIOSH, etc.), union members and leadership, workplace safety advocates, young and veteran academic, public health and legal professionals and occupational health and safety consultants - all of whom are motivated to implement strategies for the highest levels of workplace protections.

About the Expo

The COSHCON20 Expo is located in a high-traffic, major corridor which is centrally located for maximum interaction with participants. There are two dedicated sessions (one on Tuesday and one on Wednesday) for participants to experience the Expo with product demos, a passport contest and opportunities during breaks for meeting participants. In addition, we offer flexibility to create opportunities to find your specific audience. Event exhibits are a valuable promotional tool and benefit your company with: targeted face-to-face marketing; image building opportunities; increased exposure within the field; networking; and visibility in our widely circulated program book and on the National COSH website. We provide a unique opportunity to reach a your audience in an intimate setting that offers one-on-one contact with attendees.

Opportunities to Participate

Select organizations are invited to exhibit at the Expo, advertise in the program book, share a give-away in the participant tote bag or sponsor a product demonstration. This is a unique opportunity to reach a different audience than most occupational health and safety events because COSHCON20 focuses on workers rather than their employers. Participants either are or they work directly with, the people doing the work who best know their own health and safety needs and issues.
